

**Do you suffer from vitiligo?**

Are you between the ages of 18 and 75?

## CONFIDENTIAL CLINICAL STUDY

The Vitiligo and Pigmentation Institute of Southern California is conducting a clinical study for a new topical treatment for vitiligo. We are looking for adult patients suffering from non-segmental vitiligo on the face and body who are not currently receiving any treatment.

The study is a year-long study with visits scheduled approximately one month apart at the Vitiligo & Pigmentation Institute. Participation in the study is free and travel expenses will be reimbursed. Your information will be kept confidential.

Qualified participants will receive all study related products and care at no cost as well as travel expenses reimbursed!
